DouYu International Holdings Limited Reports Third Quarter 2019 Unaudited Financial Results

WUHAN, China, Nov. 27, 2019 (PRNewswire) -- DouYu International Holdings Limited ("DouYu" or the "Company") (Nasdag: DOYU), a leading game-centric live streaming platform in China and a pioneer in the eSports value chain, today announced its unaudited financial results for the third quarter and nine months ended September 30, 2019

Third Ouarter 2019 Highlights

- Total net revenues for the third quarter of 2019 increased by 81.3% to RMB1,858.5 million (US\$261.0 million) from RMB1,024.8 million in the same period of 2018.
- Gross profit increased by 450.5% to RMB316.8 million (US\$44.5 million) from RMB57.5 million in the same period of 2018, implying a gross margin of 17.0% in the third quarter of 2019 compared with 5.6% in the same period of 2018.
- Net loss was RMB165.4 million (US\$23.2 million) for the third quarter of 2019, compared with RMB220.5 million in the same period of 2018, implying a net loss margin of 8.9% compared with 21.5% in the same period of 2018.
- Adjusted net income^[1] was RMB72.2 million (US\$10.1 million) for the third quarter of 2019, implying an adjusted net margin of 3.9%, compared with an adjusted net loss of RMB214.2 million in the same period of 2018.
- Average MAUs^[2] reached 163.6 million in the third quarter of 2019, representing an increase of 14.7% from 142.7 million in the third quarter of 2018.
- Average mobile MAUs reached 52.1 million in the third quarter of 2019, representing an increase of 26.1% from 41.3 million in the third quarter of 2018.
 Quarterly average paying user count reached 7.0 million in the third quarter of 2019, representing an increase of 66.0% from 4.2 million in the third quarter of 2018.

Mr. Shaojie Chen, Chief Executive Officer of DouYu, commented, "Our business maintained a solid growth trajectory in the third quarter of 2019. Moreover, our user base, particularly our mobile MAUs, continued to expand as we took advantage of the continuous gamer and eSports population growth in China, summer holiday season, introduction of several new mobile phone models, and blockbuster game title launches. In addition, we made substantial improvements in both user engagement and monetization efficiency during the quarter by continuously enriching our content, enhancing user-streamer interactions, and upgrading our streamer management system. Such operational improvements in turn contributed to our total revenue growth."

Mr. Hao Cao, Vice President of DouYu, commented, "We are pleased to achieve continuous revenue growth for the third quarter of 2019. Our gross and adjusted net profit margin expanded due to our effective cost control efforts and improved operating leverage. We will strive to achieve revenue growth, further improve our operational efficiency, and explore additional monetization opportunities going forward.'

Third Ouarter 2019 Financial Results

Total net revenues for the third quarter of 2019 increased by 81.3% to RMB1.858.5 million (US\$261.0 million) from RMB1.024.8 million in the same period of 2018, primarily due to the increase in live streaming revenues.

Live streaming revenues increased by 83.0% to RMB1,662.4 million (US\$233.4 million) in the third quarter of 2019 from RMB908.4 million in the same period of 2018, primarily driven by increases both in the number of paying users and ARPPU[3] as the Company implemented effective monetization strategies, upgraded product features, diversified its high-quality content offerings, and enhanced user experience.

Advertising and other revenues increased by 68.5% to RMB196.1 million (US\$27.5 million) in the third quarter of 2019 from RMB116.4 million in the same period of 2018, as the Company was able to capitalize on the broadening of its brand awareness while increasing the number of integrated promotional activities during live streaming.

Cost of revenues increased by 59.4% to RMB1,541.7 million (US\$216.5 million) in the third quarter of 2019 from RMB967.3 million in the same period of 2018, primarily attributable to increased revenue sharing fees and content costs

Revenue sharing fees and content costs increased by 66.0% to RMB1,308.8 million (US\$183.8 million) in the third quarter of 2019 from RMB788.5 million in the same period of 2018, primarily due to: 1) increases in revenue sharing fees which were in line with increases in total net revenues, and 2) increases in content costs attributable to the Company's investments in eSports-related and self-produced content.

Bandwidth costs increased by 6.1% to RMB150.8 million (US\$21.2 million) in the third quarter of 2019 from RMB142.2 million in the same period of 2018, primarily due to the increases in bandwidth usage caused by higher traffic and user engagement on the platform, offset by a lower unit purchase price and improved utilization efficiency as a result of

Gross profit increased by 450.5% to RMB316.8 million (US\$44.5 million) in the third quarter of 2019 from RMB57.5 million in the same period of 2018. Gross margin increased to 17.0% in the third quarter of 2019 from 5.6% in the same period of 2018.

Sales and marketing expenses increased by 18.6% to RMB173.2 million (US\$24.3 million) in the third quarter of 2019 from RMB146.0 million in the same period of 2018. The increase was mainly attributable to share-based compensation expenses recognized following the Company's IPO as well as the increased efforts in promoting eSports content and brand awareness marketing activities.

Research and development expenses increased by 47.2% to RMB119.9 million (US\$16.8 million) in the third quarter of 2019 from RMB81.4 million in the same period of 2018, mainly due to share-based compensation expenses recognized following the Company's IPO as well as enhanced research and development efforts for various business segments.

General and administrative expenses increased by 326.3% to RMB232.9 million (US\$32.7 million) in the third quarter of 2019 from RMB54.6 million in the same period of 2018, mainly due to share-based compensation expenses recognized following the Company's IPO.

Other operating income, net was RMB11.8 million (US\$1.7 million) for the third quarter of 2019, compared with RMB16.4 million in the same period of 2018.

Operating loss was RMB197.4million (US\$27.7 million) in the third guarter of 2019, compared with RMB208.1 million in the same period of 2018.

Adjusted operating income in the third quarter of 2019, which adds back share-based compensation expenses, was RMB30.8 million (US\$4.3 million), compared with an adjusted operating loss of RMB203.7 million in the same period of 2018.

Income tax expenses were nil for the third quarter of 2019 and 2018, due to the Company's cumulative net losses and the resulting tax loss carryforward.

Net loss was RMB165.4 million (US\$23.2 million) in the third quarter of 2019, compared with RMB220.5 million in the same period of 2018.

Adjusted net income, which excludes share-based compensation expenses, share of loss (income) in equity method investments, and impairment loss of investments, was RMB72.2 million (US\$10.1 million) in the third quarter of 2019, implying an adjusted net margin of 3.9%, compared with an adjusted net loss of RMB214.2 million in the same period of 2018

Basic and diluted net loss per ADS [4] were both RMB0.59 (US\$0.08), and adjusted basic and diluted net income per ADS were both RMB0.26 (US\$0.04) for the third quarter

Business Outlook

The Company expects its total net revenues to be in the range of RMB1,960 million to RMB2,030 million in the fourth quarter of 2019, representing year-over-year growth between 68.9% and 75.0%. This forecast reflects the Company's current and preliminary views on the market and operational conditions, which are subject to change.

- [1] "Adjusted net income" is defined as net income adding back share-based compensation expenses, share of loss (income) in equity method investments, and impairment loss of investments. For more information, refer to "Use of Non-GAAP Financial Measures" and "Reconciliations of Non-GAAP Results" at the end of this press release.
 [2] Refers to the average total MAUs during a given period of time calculated by dividing (i) the sum of active users, including active PC users and active mobile users for each month of such period, by (ii) the number of months of such period. MAUs refers to the number of active users, including active PC users and active mobile users in a given month. Active users refers to users who visited the Company's platform through PC or mobile app at least once in a given period; the number of active PC users is measured as the number of independent cookies generated by the Company's website when users visited the Company's platform through PC in a given period, and the number of active mobile users is measured as the number of mobile devices that launched the Company's mobile apps in a given period. The number of active users is calculated by treating each distinguishable independent cookie or mobile device as a separate user even though some individuals may access the Company's platform with more than one independent cookie or using more than one mobile device and multiple individuals may access the Company's services with the same independent cookie or using the same mobile device.
- [3] "ARPPU" refers to average live streaming revenue per paying user in a given period.
- [4] Every ten ADSs represent one ordinary share.

Use of Non-GAAP Financial Measures

Adjusted operating income (loss) is calculated as operating income (loss) adjusted for share-based compensation expenses. Adjusted net income(loss) is calculated as net loss adjusted for share-based compensation expenses, share of loss (income) in equity method investments and impairment loss on investments. Adjusted net income (loss) attributable to DouYu is calculated as net income (loss) attributable to DouYu adjusted for share-based compensation expenses, share of loss (income) in equity method investments and impairment loss of investments. Adjusted basic and diluted net income per ordinary share is non-GAAP net income (loss) attributable to ordinary shareholders divided by weighted average number of ordinary shares used in the calculation of non-GAAP basic and diluted net income per ordinary share. The Company adjusted the non-cash impact of (i) share-based compensation expenses, (ii) share of loss (income) in equity method investments and (iii) impairment loss of investments to understand and evaluate the Company's core operating performance. The non-GAAP financial measures are presented to enhance investors' overall understanding of the Company's financial performance and should not be considered a substitute for, or superior to, the financial information prepared and presented in accordance with U.S. GAAP. Investors are encouraged to review the reconciliation of the historical non-GAAP financial measures to its most directly comparable GAAP financial measures. As non-GAAP financial measures have material limitations as analytical metrics and may not be calculated in the same manner by all companies, they may not be comparable to other similarly titled measures used by other companies. In light of the foregoing limitations, you should not consider non-GAAP financial measures as a substitute for, or superior to, such metrics in accordance with U.S. GAAP.

For more information on these non-GAAP financial measures, please see the table captioned "Reconciliations of Non-GAAP Results" near the end of this release.
