Mr. Hao Cao, Vice President of DouYu, commented, “In the second quarter of 2023, our financial performance remained steady. We continued to execute on our long-term sustainable growth strategy with an emphasis on ROI. The key adjustments we have made to our livestreaming revenue-generating activities are designed to invigorate the platform community. Together, with our product upgrades and innovations, we stabilized our total net revenue of RMB1.39 billion and diversified our revenue mix. We continued to optimize our costs and operating expenses in the second quarter by effectively managing our content cost, notably by reducing our marketing expenses for promotional activities and improving our operating efficiency. As a result, we generated net income of RMB6.8 million in the quarter compared with the net loss of RMB38.8 million in the same period last year. Our adjusted net income increased 160.8% year-over-year, reaching RMB61.4 million. Going forward, we plan to explore new monetization channels that support the stable operations and growth of our core business in a manner that creates long-term value for all of our stakeholders.”

## Second Quarter 2023 Financial Results

**Total net revenues** in the second quarter of 2023 decreased by 24.1% to RMB1,392.2 million (US\$192.0 million), compared with RMB1,833.2 million in the same period of 2022.

*Livestreaming revenues* in the second quarter of 2023 decreased by 28.8% to RMB1,258.3 million (US\$173.5 million) from RMB1,768.3 million in the same period of 2022. The decrease was mainly attributable to on-going operational adjustments in livestreaming business to promote a healthy and sustainable ecosystem in a more cost-effective manner, as well as the challenging macro environment.

*Advertising and other revenues* in the second quarter of 2023 increased by 106.5% to RMB133.9 million (US\$18.5 million) from RMB64.9 million in the same period of 2022. The increase was primarily attributable to the increase in other revenues contributed by game-specific membership services.

**Cost of revenues** in the second quarter of 2023 was RMB1,203.3 million (US\$165.9 million), a decrease of 21.1% compared with RMB1,524.2 million in the same period of 2022.

*Revenue sharing fees and content costs* in the second quarter of 2023 decreased by 25.4% to RMB981.3 million (US\$135.3 million) from RMB1,314.7 million in the same period of 2022. The decline was primarily driven by a decrease in revenue sharing fees, which were largely aligned with the decrease in livestreaming revenues. The decrease was partially offset by an increase in copyright costs as a result of our purchase of the LPL tournament copyright.

*Bandwidth costs* in the second quarter of 2023 decreased by 17.3% to RMB118.8 million (US\$16.4 million) from RMB143.7 million in the same period of 2022. The decrease was mainly due to the enhanced efficiency of peak bandwidth usage caused by growing tournament viewing demand, mainly through dynamic bandwidth allocation.

**Gross profit** in the second quarter of 2023 was RMB188.9 million (US\$26.1 million), compared with RMB309.0 million in the same period of 2022. Gross margin in the second quarter of 2023 was 13.6%, compared with 16.9% in the same period of 2022. The decrease in gross margin was mainly attributable to the increase in other costs as a percentage of revenues, which was partially offset by the decreasing percentage of revenues attributed to revenue sharing fees.

**Sales and marketing expenses** in the second quarter of 2023 decreased by 48.0% to RMB87.0 million (US\$12.0 million) from RMB167.5 million in the same period of 2022. This was mainly attributable to a decrease in marketing expenses for user acquisition.

**Research and development expenses** in the second quarter of 2023 decreased by 30.2% to RMB71.0 million (US\$9.8 million) from RMB101.9 million in the same period of 2022. This decrease was primarily due to a decrease in personnel-related expenses.

**General and administrative expenses** in the second quarter of 2023 decreased by 48.2% to RMB46.9 million (US\$6.5 million) from RMB90.7 million in the same period of 2022. This decrease was primarily due to decreased share-based compensation expenses, as the shares under our share incentive plans were fully vested.

**Other operating income, net** in the second quarter of 2023 was RMB8.6 million (US\$1.2 million), compared with RMB20.4 million in the same period of 2022.

**Loss from operations** in the second quarter of 2023 was RMB7.5 million (US\$1.0 million), compared with RMB30.6 million in the same period of 2022.

**Net income** in the second quarter of 2023 was RMB6.8 million (US\$0.9 million), compared with net loss of RMB38.8 million in the same period of 2022.

**Adjusted net income**, which excludes share-based compensation expenses, the share of loss in equity method investments, and impairment loss of investments, was RMB61.4 million (US\$8.5 million) in the second quarter of 2023, compared with RMB23.5 million in the same period of 2022.

**Basic and diluted net income per ADS<sup>4</sup>** in the second quarter of 2023 were both RMB0.02 (US\$0.003). **Adjusted basic and diluted net income per ADS** in the second quarter of 2023 were both RMB0.19 (US\$0.03).
